EMBOSSING MILAN

PRODUCT

Embossing Milan (GX) features a refined and captivating pattern, that evokes the essence of **sand blasted concrete walls**. This embossing harmoniously integrates with **Milan's** urban landscape, where striking skyscrapers and magnificent buildings coexist with historical monuments, collectively shaping the city's iconic skyline. This **timeless design** is tailored for **automotive applications** and technical application, marks an **exciting addition** to **MP3's** diverse pattern portfolio.
